IN RE:  FRONTIER COMMUNICATIONS OF IOWA, INC.	DOCKET NO. TF-01-340
--	----------------------

**ORDER APPROVING CHANGES TO EXCHANGE BOUNDARY MAP**

(Issued November 26, 2001)

On November 5, 2001, Frontier Communications of Iowa, Inc. (Frontier), filed with the Iowa Utilities Board (Board) a request to change the exchange boundary map for the Bedford, Iowa, exchange. The filing has been identified as Docket No. TF-01-340.

The Board will approve Frontier's proposed changes to the Bedford exchange boundary. The Board finds that the change is reasonable since Frontier has indicated that only one customer, Swine Graphics Company (Swine Graphics), would be affected and that the boundary change was initiated at the request of that customer. The proposed change to the Bedford exchange boundary will allow all locations of Swine Graphics' contiguous property to be served by the same local exchange telephone company. In addition, the Board notes that Frontier's filing of November 5 concurs with a filing submitted on October 15, 2001, by Grand River Mutual Telephone Corporation, identified as TF-01-315, which describes the proposed revisions for the adjacent Blockton, Iowa, exchange boundary.

Frontier's request merely changes the boundary of a current exchange covered by Frontier's certificate. Therefore, an amended certificate is not needed.

**IT IS THEREFORE ORDERED:**

1. The request of Frontier Communications of Iowa, Inc., filed on November 5, 2001, to change the exchange boundary map for the Bedford, Iowa, exchange is granted.

2. The proposed changes to the Bedford, Iowa exchange, boundary, identified as TF-01-340, are approved effective with the issuance of this order.
